

## Symposium

The Modelica Association, Modelica companies in Lund, and Lund University host a jubilee symposium to celebrate the 100th “Modelica Design Meeting”. The first Modelica Language Design Meeting was organized in Lund in September 1996.

Image: Medicon Village

The central focus of the symposium is on future directions of modeling and simulation. Invited outstanding researchers and industrial practitioners from different communities with a common interest in modeling and simulation will present their view on status, trends and forthcoming developments in this field.

**September 30, 2019, Medicon Village, Scheelevägen 2, Lund, Sweden**

10:30–18:30: Symposium

19:30–22:30: Dinner & Celebrations

140 seats available, free attendance, registration required, students welcome

Registration, program & speakers at

## Workshops on Modelica Association Projects

- Modelica Language
- FMI (Functional Mock-Up Interface)
- DCP (Distributed Co-Simulation Protocol)
- SSP (System Structure and Parameterization)

Interested people are welcome to join these sessions!

**October 1–2, 2019**

**Elite Hotel Ideon, Scheelevägen 27, Lund, Sweden**

Free attendance, registration required
